EXAMINER'S AMENDMENT

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Claims 11-20 have been canceled.

This application is in condition for allowance except for the presence of claims 11-20 to an invention non-elected without traverse. Accordingly, claims 11-20 have been cancelled.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: Applicant has amended independent claim 1 so as to patentably distinguish over the claims of copending US Application Serial Number 10/052,281 (see pages 7-8 of the amendment received on October 27, 2003). Accordingly, after careful re-evaluation by the undersigned Examiner, the previously applied obviousness-type double patenting rejection is withdrawn. The claims are patentably distinct from all prior art of record for reasons previously developed during the prosecution of the present application and that of copending US Application Serial Number 10/052,281. Claims 1-10 herein are thus allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
